

Poster presentations by XenoBiotic Laboratories Inc. at the 56th ASMS Conference, June 1 -5, 2008

Poster presentation time – Monday, June 2nd, 10:30 am to 2:30 pm

Poster Log #2673

Quantification of a Polypeptide Drug, Desirudin, in Human Plasma Using Electropray LC-MS/MS with an Analog Polypeptide as Internal Standard

Wenzhong Liang^a, Xinping Fang^a, Jinn Wu^a, and Tony Yu^b

a. XenoBiotic Laboratories Inc., 107 Morgan Lane, Plainsboro, NJ 08536

b. Canyon Pharmaceuticals, Inc., 11350 McCormick Road, Hunt Valley, MD 21031

Poster presentation time – Tuesday, June 3rd, 10:30 am to 2:30 pm

Poster Log #1945

A Highly Sensitive LC-MS/MS Method (0.4 pg/mL) for Quantitation of Formoterol in Human Plasma,

Dawei Zhou; Wenzhong Liang; Xinping Fang; Jinn Wu

Poster Log #1929

A Selective LC-MS/MS Method for Quantification of Ribavirin in Human Plasma

Dawei Zhou; Karla Arriola; Xinping Fang; Jinn Wu

Poster Log #2228

A Rapid and Highly Sensitive LC-MS/MS Method (10 pg/mL) for Quantitation of Budesonide in Human Plasma

Guangchun Zhou; Dawei Zhou; Xinping Fang; Jinn Wu
